Public Invited To Moose Radio Party on Sunday

The local Moose lodge home was filled to capacity last Sunday, Oct. 31, to hear another of the series of 13 of the "Moose Fireside Party" - the coast-to-coast broadcast over Mutual network which is on the air every Sunday afternoon - heard locally over KHJ at 2 p.m. The local lodge is staging a party during every broadcast to which the public is invited, according to James W. Barker, secretary. "This 'Moose Fireside Party' is becoming more popular every week because of the instant success which is already has proved to be. Each broadcast of the series is a perfect combination of entertainment and thrills. The entertainment is provided by some of the best talent procurable. The master of rhythm and melody, Griff Williams, and his orchestra, and the Moose Fireside Party Choral Group of eight voices are increasing in popularity each week. Added to these entertainment features is the weekly dramatization of a heroic adventure taken from official records of a Mooseheart student now serving in the armed forces," Barker declares. The local Moose lodge No. 785, located at 1951 Carson st., has completely redecorated its lodge quarters and comfortable easy chairs and davenport have been installed to insure each visitor a pleasant Sunday afternoon. The clubroom is now open to members only (excepting Sunday afternoons from 2 p.m. to 5 p.m. which is open to the public) daily from 2 p.m. to 5:30 p.m. and 7 p.m. to 12 p.m. "The club steward will be glad to show prospective members or visiting brothers around," Secretary Barker states.

Allied Bombs Demolish Milan

This is a lesson which the Fascists and Nazis can understand. It is the Piazza San Carlo in Milan, after an Allied raid on the chief rail center of northern Italy.

County Death Rate Lower; Births Show Remarkable Gain

That the death rate for the Los Angeles county health department area is less than that of either the county as a whole or of the state was pointed out by R. G. Webster, chief of the department's vital records division in a recent report. The death rate (figured on deaths per thousand population) for county health department area in 1942 was 8.9, while the rate for the county during the same period was 10.6 and for the state 11.1. Webster's report disclosed that the increase in number of births in health department area in 1942 as compared with 1941 is the greatest ever recorded in any annual period. There were 25,100 births to persons residing in county health department territory of which over 92 per cent were in hospitals. Hospital births in this area have increased steadily during the past five years.

Home Owners Urged To Maintain Homes in Good Repair

Cash funds in amounts necessary for the maintenance and repair of existing residences continue available to home owners throughout Southern California under F.H.A.'s Title I, home repair plan, according to W. G. Bingham, district director, Federal Housing Administration. War Production Board \$200 limitation does not apply to maintenance or repairs, but rather to new construction. The cost of the work is not limited by regulation, provided there is no change in design and provided that maintenance or repairs are necessary to keep the residence in sound, habitable condition. The President has stated that it is patriotic and necessary that home repairs be made without delay. Neglect only increases cost and benefits to one. Priorities assistance is not required in any case where critical materials are necessary, in which case priorities' assistance is usually promptly available, Mr. Bingham concluded.

Wintertime, Gay Musical, at Plaza

Set against the background of the snow-capped mountains of Canada, "Wintertime," 20th Century-Fox's new musical starring Sonja Henie, now playing at the Plaza in Hawthorne is a tuneful comedy that has plenty of laughs, pretty girls and luring songs. In addition to Sonja Henie, the cast includes Jack Oakie, with wise-cracks and advice galore; Cesar Romero, dashing after and away from the women as usual; Carole Landis, lovely and still after her man, and Woody Herman and his famous orchestra. Featured among the skating routines is a dramatic number known as the Snowbird sequence. There is a chorus of 48 skaters who perform in this number with Sonja. Costumes in the scene are brilliantly interpreted and feature the usual short ballet-skating skirt of net, long sleeves, huge epaulet "wings" on the shoulders, and high headress of feathers. The costumes are trimmed with shiny paillettes that glitter as the skaters glide across the ice. Large curving feathers trim the shoulders and back to carry out the bird theme.

A single U.S. armored division uses up more than 600 tons of ammunition and 78,000 pounds of food every day in action.

FBI Agents Now Trailing Draft Delinquents

Col. Kenneth H. Leitch, state selective service director, today announced his agency was cooperating with the F.B.I. and U.S. attorneys in rounding up "thousands of out-of-state delinquents who are residing in California" as well as some 7000 men listed as delinquent by California local boards. "Great numbers of these registrants are delinquent by reason of failing to report change of address or change of status to their respective local boards," Leitch said. He added that delinquents in these categories and those who have failed to obey board orders will be reclassified into 1-A unless they clear up their status immediately. Number of registrants listed as delinquent varied by counties from 2282 to 2. The 7000 California delinquents included: Los Angeles, 2282; San Francisco, 852; Sacramento, 402; San Joaquin, 369; Fresno, 357; Alameda, 317; San Diego, 296; Imperial, 237; Monterey, 205; Mateo, 183; Kern, 162; Santa Barbara, 147; San Bernardino, 138; Orange, 132; Riverside, 119; Tulare, 109.
